

For Internet Explorer 7.0 Users:

1. Go to <ftp://www.kensdesigns.com> and login using the following:
Username: u48981476-client
Password: client_123
2. Go to "Page" and choose "Open FTP site in Windows Explorer"

3. Then create a new folder on my web server or place all of your files into a folder on your computer.
 - Please name your folder(s) using a reasonable name (ex. Ken's Designs Files)
 - Also, please label your files/images reasonable as well (ex. Background Image, About Us page)
4. Upload your folder/files to my web server using the different ways listed below:
 - You can drag-and-drop your files (Click and drag them over)
 - Use programs like Filezilla or CuteFTP
(Filezilla for [Windows Users](#) – [Linux Users](#))
([Download CuteFTP Free Trail](#))

For Firefox users:

1. You may need to install an ftp plug-in for Firefox. (ex. [FireFTP](#))
2. Once installed, open a new tab or window and go to <ftp://www.kensdesigns.com> and repeat steps 3 & 4 above.

**If you have trouble, please contact me and I will try to help you or
you can just email me your pictures and files –
